PROFILE SUMMARY

Aspiring Information Technology student with a strong passion for technology and demonstrated ability to learn quickly. Combining academic knowledge with hands-on experience in software development, I bring a collaborative mindset and eagerness to contribute innovative solutions.

PROFESSIONAL EXPERIENCE

01/2020 – 04/2023 **Junior Web Developer,** MCCANN JOBURG

•Collaborating with senior developers to design, develop, and test solutions with the use of HTML&CSS. Whilst applying user interactiveness, and DOM manipulation, through the use of JavaScript.

•Participated in fullsoftware development lifecycle, which consists of gathering information and data for the use of git version control coding, testing, and deployment of web applications

•Perfomed troubleshooting tasks, such SEO optimization and resolving software defects and debugging issues, ensuring optimal functionality, performance and website ranking on search engines.

04/2019 – 12/2019 **Junior Web Developer Intern,** Nahana Group

Worked along side the Senior developer and the Head of technology, in maintaining, developing and implementing systems and technologies to better provide informative and resourceful data for clients and internal departments.

2017 – 02/2019 **Waiter & Barista,**

Doubleshot Coffee & Tea; The Richmond Studio Cafe; Flynn Coffee Co. Received trying and mentorship as per the required job, specifications on how to properly and adequately prepare, brew, roast and taste different crafted beverages.

Worked as a barista and a waiter as well, providing services to not only the customers but the team as well.

04/2024 – 04/2025 **Media Sales Representative,** WordForWordMedia

Managing customer accounts involved negotiating costs and capturing client data for invoices. I was responsible for tracking media purchases and generating new leads. I built strong business relationships while creating effective proposals for potential clients.
